This training programme will run from **14 January- 25 March 2019** and participants will need to apply by **17 December 2018!** This course is designed to strengthen the skills needed for young people around the world, from the ages of 18-35, to become active leaders in their community towards a more just, sustainable, and ethical world.
Throughout the course, participants will expand their knowledge on certain themes such as; Leadership, Ethics, Sustainability, Earth Charter principles, Eco-literacy, Systems Thinking, and how to successfully design and implement a workshop in their community.
Our goal at the end of the course is to enhance each participants' consciousness to contribute to the greater good, inspire like-minded individuals to collaborate across borders, and develop the confidence to use their voice as a leader!
Upon successful completion, participants will have the opportunity of joining the [Earth Charter Young Leaders Programme](#) (ECYL).
